

MAY FORCE A FIGHT
OVER NICARAGUASITUATION KEEPS GETTING
MORE SERIOUS.

South American Republic Said to Be Trying to Make a Cat's Paw Out of Uncle Sam—Great Britain Will Not Use Force Yet—Peace Edict Conferred by China's Emperor.

Washington, April 17.—If Nicaragua's counter proposition to Great Britain for the submission of the whole question in dispute to arbitration has been rejected by the latter government, as reported, administration officials will expect another strong appeal for assistance from the weak republic. While state department officers had hoped Great Britain might accede to the terms of settlement proposed by Nicaragua the general policy of her majesty's government to adhere to an ultimatum when once proclaimed has led them to expect non-compliance with Nicaragua's request.

The whole question has now reached an acute stage and no one at the state department ventures to predict what the outcome will be. It is well known to the authorities Nicaragua can not well afford at the present time to pay the \$75,000 indemnity demanded without borrowing the money. It is understood Nicaragua has confessed in a semi-official way her inability to meet the demand.

There has been so much talk from Nicaraguan sources about the necessity for ceding Corn Island to Great Britain in lieu of the indemnity demanded that the authorities recognize the possibility of having the United States drawn into the controversy. This talk may be only a trick on the part of Nicaragua to force the United States into coming to her rescue, but it is nevertheless a fact that the officials are more concerned today about the Nicaraguan situation than they have been for some time past.

While Great Britain has disclaimed any intention of acquiring Nicaraguan territory it is appreciated that Nicaragua could force the administration into a vigorous assertion of the Monroe doctrine by offering under stress of circumstances to give Great Britain Corn Island in lieu of the indemnity. Although Nicaragua might of her own motion suggest the cession of Corn Island to Great Britain as a means of escaping the payment of the indemnity demanded such action would nevertheless be indirectly the result of coercion on the part of Great Britain. Hence the authorities would consider a move of this kind a violation of the Monroe doctrine and, as one official remarked to-day, the administration would be compelled to step in and prevent by force, if necessary, the consummation of any such deal. This is no doubt what Nicaragua would like.

From the beginning of the controversy with Great Britain every possible appeal has been made to enlist the assistance of our state department in preventing Great Britain from securing reparation she demanded for the outrages upon Consul Hatch and other British subjects. Until the present time the state department has turned a deaf ear to all of these entreaties and has used its good offices to induce Nicaragua to comply with the demands made upon her by her majesty's government. The Corn Island dodge, therefore, seems to be the last resort for Nicaragua, and it is currently believed if Great Britain does not accept the arbitration proposition Nicaragua will play this little game to the full limit. There is good ground for the statement that if the cession of Corn Island is either demanded by Great Britain or offered by Nicaragua the United States will at once interfere, with force, if necessary, and, so far as can be learned this intimation has been conveyed to Ambassador Bayard and through him to the British foreign office.

CONFIRMED BY CHINA'S EMPEROR.

Issues the Edict Authorizing Peace—Slight Change in the Terms.

Tien Tsin, April 17.—An imperial edict has been issued authorizing Li Hung Chang to sign the terms of peace in accordance with the Japanese ultimatum. The indemnity to be paid by China, according to the edict, is 200,000,000 taels (a tael equals \$1.33). The edict further authorizes Li Hung Chang to grant possession of Liao Lung peninsula to the fortieth degree of latitude and the island of Formosa to the Japanese; also to consent to the opening of Pekin and four new ports to commerce and to giving the Japanese power to open cotton factories and other industries in China. Another imperial edict grants sick leave to the Viceroy of Canton and orders his retirement to his native province. The peace decree further provides that the import dues at the open ports shall not exceed 2 per cent.

Washington, April 17.—Secretary Gresham has received a cablegram from Minister Dun, at Tokio, confirming the signing of the peace convention between China and Japan. The terms agreed upon are in conformity with those already published saving the amount of the indemnity, which was subsequently reduced, probably to an amount estimated to be sufficient to pay all of Japan's war expenses.

Will Not Bombard Greytown.

Britain Will Take Other Means to Collect the Indemnity.

London, April 17.—It is stated on good authority that the question of a protest upon the part of the United States against the bombardment of Greytown and the landing of British troops in Nicaragua has never been raised between Great Britain and the United States so far as the British government is aware. In any case, it is added, the British will not bombard Greytown in the event of Nicaragua refusing to comply with the demands of Great Britain. But steps will be taken to insure the payment of the indemnity demanded by the British government and the necessary steps have

been sent to commanders of British warships. But the nature of the orders sent to the British commanders and whether they include the landing of troops is not stated.

ELECTIONS IN ILLINOIS.

Returns from Various Contests Throughout the State.

Peoria, Ill., April 17.—The republicans won a victory here yesterday, electing William M. Allen mayor against the democratic, populist and independent church element candidates. The republicans elect their entire ticket except police magistrate, but only elect three of seven aldermen.

Rockford, Ill., April 17.—The hottest municipal campaign ever experienced in Rockford culminated yesterday in the election of Edward Brown as mayor over Amasa Hutchins, the present incumbent. The license issue was lost sight of in the campaign, the fight being between A. P. A. and anti-A. P. A.

Following are brief returns from other places in the state: Alton—Henry Bruegeman defeated H. G. McPike for mayor by 887 votes out of a total vote of 2,300. Aurora—The people's ticket was elected entire, except one alderman. Cairo—C. R. Woodward, A. P. A. candidate, elected mayor over three rivals. Champaign—Republicans carried the city for the first time in six years. Danville—Republicans elected their entire city ticket and seven out of the eight members of the city council. Freeport—The municipal election resulted in the election of James P. Younger, democrat, for mayor by 60 majority. The balance of the democratic ticket was also elected. Galena—J. G. Schmel, independent candidate, was elected mayor over G. S. Avery, republican, and T. J. Bermington, democrat. Geneva—Irving L. Howell, people's party candidate for mayor, was elected; license carried by a large majority. Jacksonville—Returns are not all in, but enough is known to say the election of Charles Widmayer, democrat, is certain, over Henry Schoenfeld, republican, the present incumbent. The republicans elect seven aldermen while the democrats secure five. Joliet—The returns indicate the election of Edward C. Aldin, straight republican, for mayor. Kankakee—Republicans elected their municipal ticket with the exception of one alderman; the republican candidate for mayor was elected. Ottawa—L. W. Hess, democratic candidate, was elected mayor over George M. Trimble. The new council will be eight democrats and five republicans. Waukegan—The city election resulted in a clean sweep for the republicans, who elected not only the general officers, but all four aldermen, an unusual thing. Waukegan—James Parker for mayor and the whole anti-license ticket elected with the exception of one alderman.

GRESHAM AS PEACEMAKER.

Extracts from Letters to Bayard on the Venezuela Dispute.

Washington, April 17.—The published correspondence of the state department for 1894, made public yesterday, contains but two letters in reference to the Venezuelan boundary dispute. They are addressed to Ambassador Bayard at London and are dated July 13 and Dec. 1 last respectively. The first letter recites the efforts made to have the dispute settled by arbitration and England's gradually widening claims to territory and concludes with the opinion there are but two solutions of the question—arbitration or the creation of a new boundary line "in accordance with the dictates of expediency and consideration." The second letter is a reference to Britain's contention that the validity of her claim to territory in dispute shall be a condition precedent to the submission of the matter to arbitration and hopes Mr. Bayard will succeed in securing an honorable settlement of the difficulty.

MANITOBA'S SCHOOLS.

Canadian Bishops Receive Unofficial Congratulations on Their Attitude.

Winnipeg, Man., April 17.—Much excitement was created here yesterday by a rumor that the Vatican had sent a mandate to the Manitoba bishops upholding them in their attitude in the agitation against separate schools. In an interview Archbishop Langevin denied he had received an encyclical letter from the cardinal-general at Rome saying he was pleased with the attitude of the Canadian episcopacy on the matter. Archbishop Langevin said Catholics would not necessarily be excommunicated if they supported Manitoba's public schools. The policy in Manitoba was practically the same as that enunciated by Mgr. Satoll.

Boston Firm Fails for \$250,000.

Boston, Mass., April 17.—The firm of Tibbatts, Harrison & Co., dry goods commission merchants, has assigned. The liabilities are estimated at \$250,000, with assets the same. The firm has done a large business for ten years, and the assignment is a surprise. The failure was precipitated by an attachment for \$10,000 obtained by the Central National bank of New York and placed on the branch store in that city. The embarrassment is caused by inability to make collections.

New Yorkers Disregard the Law.

New York, April 17.—The total number of returns received from internal revenue district No. 3 were 13,058. In No. 1 district the number of returns received will not exceed 4,500. These two districts embrace the entire city of New York, No. 1 district including Brooklyn. This makes the total number of returns in New York less than 18,000, and indicates delinquents to the number of 22,000. Fully 1,000 corporations, with head offices in New York, have failed to comply with the requirements of the law.

Sheet Iron Workers Adjourn.

Indianapolis, Ind., April 17.—The National Association of Sheet Iron and Cornice Workers adjourned yesterday. The next convention will be held in Detroit. The association elected officers, with T. J. Ritter of Chicago as president.

DID NOT GET MACEO
BUT ANOTHER MAN

DENIAL THAT THE CUBAN GENERAL WAS CAPTURED.

Leader of the Rebels Escapes While His Double Is Taken Prisoner—The Insurgents Unable to Stand Before Spanish Regulars—Campos Ship Has Been Sighted.

Havana, Cuba, April 17.—Chagrin and anger succeeded the premature election of Capt.-Gen. Calleja over the supposed capture of Jose Maceo. Maceo's double was captured, but not Maceo. Anticipating unusual efforts to capture him, the wily Cuban general donned a disguise and went to the front in command. Col Guerra was the one captured, while Maceo escaped to the mountains with a few of his followers. It is expected, however, that he will be captured, as many small parties are in pursuit of him.

At the head of one of the regiments of Cubans was Brig.-Gen. Crombet, who died a hero. His men, encouraged with inspiring words of cheer, fought like demons, but they were not well disciplined. They were brave, but their recklessness counted for naught when opposed to Spain's regulars. On Crombet's body, which was terribly mutilated by his enemies, were found papers giving names all the leaders and estimates of the strength of the revolution.

Campos' ship was sighted off Manzanillo early yesterday morning. As yet it is not known where Campos will land. Loyal Spanish soldiers say the war has ended.

Maximo Gomez, who has been in Hayti enlisting recruits, landed near Santiago with 600 men. He has gone to the mountains and will attempt to join Maceo. If he succeeds in doing so it is probable that their united forces will give the Spaniards one more battle. Everything seems to indicate, however, that defeat is staring the revolutionists in the face and nothing but a miracle will now save Cuba from the domination of Spain.

ENCOURAGING CROP REPORTS.

Indiana and Iowa Have Excellent Prospects for the Season.

Indianapolis, April 17.—The Indiana weather crop bulletin says: Although cool and cloudy on most days, with light frosts on several nights, the weather in general has been quite favorable to growing crops and farm work. Rains fell nearly everywhere on three days, much to the benefit of growing crops.

Des Moines, Iowa, April 17.—The Iowa weekly weather crop bulletin says: The first half of April has given a bright hue to crop prospects, and at the corresponding date there has never been a more encouraging outlook for a productive season. The temperature of the past week was slightly above normal, and all the weather conditions were favorable for completing seeding operations and pushing the work of preparation for corn planting. As a result, farm work is generally more advanced than usual at this time of the year, and the soil is in the best possible condition for the reception of seed.

The acreage of small grain, corn and potatoes will be materially increased, compared with the last three seasons. The week closed with a general rain, giving promise of abundant measure for present needs in all parts of the state. All reports indicate a good season for fruit.

WOMAN SWINDLES CHILI.

Forges Official Names to Papers Representing \$80,000.

New York, April 17.—The Herald's special cable from Valparaiso, Cuba, says: "A sensation has been caused here by the discovery of an extensive swindling of the treasury by means of forgery. Eighty thousand pesos is the sum involved, and a woman who stands high in the social circles of Santiago is charged with the crime of forging the names of the president of the republic and the minister of finance. It is feared the same thing has been done by her in other parts of the republic. It is said that the woman is now in prison."

Makes Many Marriages Void.

Spokane Falls, Wash., April 17.—Judge Moore of the Superior court has rendered a decision which will have a startling effect upon hundreds of people residing in this state. In the divorce case of Nelson vs. Nelson the court held that a marriage contracted in any state of the union was illegal between two parties either of whom was divorced in this state, provided the marriage took place before the statutory six months had passed in which an appeal could be taken.

Tennessee Troops Not to Compete.

Memphis, Tenn., April 17.—Gen. A. R. Taylor, brigadier-general of Tennessee, has issued an order that no Tennessee troops shall attend any drill in the city of St. Louis during the present year, nor in any other year while he commands the state troops, if the movement to have an interstate drill in that city in 1895 is pursued. This step on the part of Gen. Taylor has been precipitated by the efforts of St. Louis people to hold a drill this summer in competition with the Memphis enterprise.

Seven Wives on His Track

Middlesboro, Ky., April 17.—William Headrick, wanted in Ohio, North Carolina, Tennessee and Kentucky for bigamy, has been arrested here on a charge of horse stealing. Seven deserted wives are on his track. Headrick's method was to travel about the country, and when he found a woman with money he would marry her. Then, as soon as he could get her money in his possession, he would desert her.

Fire Insurance Concern to Retire.

Worcester, Mass., April 17.—The directors of the First National Bank Fire Insurance company have voted unanimously to reinsure the business of the company and to retire from business.

LEGISLATORS QUIT
AT NOON, APRIL 20FINAL ADJOURNMENT HAS
BEEN AGREED UPON.

The Session Will Be 102 Days in Length—Speaker Burroughs Was I Today—Big Batch of Bills Disposed of Today—The Work Done.

Madison, April 17.—The legislature will adjourn on April 20 at noon, making a session of one hundred and two days in length. Speaker Burroughs was elected speaker pro tem. In the assembly Mr. Hall moved the reconsideration of the vote by which the anti pass resolution was laid upon the table but the house refused to take it from the table by a vote of 50 to 38. Among the assembly bills passed was Mr. Buckstaff's bill regulating the granting of franchises by cities and providing that all franchises shall expire at the end of twenty-one years. Senate bills were concurred in: Providing for state aid for manual training school and for a constitutional amendment making sheriffs eligible for re-election.

The senate passed the bill allowing cities to own and operate electric light and water works plants with amendments. There was a debate on the bill locating the seventh normal school at LaCrosse and it was reported to be indefinitely postponed. Unless the vote is reconsidered the board of regents must decide. Mr. Buckstaff's bill for the encouragement of free public libraries was passed under suspension of the rules and the bill for the taxation of mortgages was killed. The assembly killed the bill imposing a five per cent. tax on collateral inheritance and the measure regulating primaries.

MAY LYNCH SIX MURDERERS.

Excitement Runs High at Steelville Missouri—Other Criminal News.

Steelville, Mo., April 17.—Alexander M. Green and his five sons, who are accused of the murder of David Hilderbrand, arrived here yesterday afternoon from St. Louis, where they were taken to prevent them from being lynched. A telegram from the sheriff's office was sent to Gov. Stone apprising him of the situation and asking that a force of militia be sent to prevent a lynching here. Gov. Stone replied that the sheriff must protect his prisoners at all hazards. The prisoners were given a hearing while a crowd of 400 or 500 people surrounded the court house, standing in a heavy downpour of rain. The sheriff will keep a heavy guard on at the jail to prevent trouble.

SENATOR GOEBEL ACQUITTED.

Jury Says that He Killed Sanford in Self-Defense.

Cincinnati, Ohio, April 17.—The trial of State Senator William Goebel for killing Col. John L. Sanford was held in Covington, Ky., yesterday before Judge Stephens of Kenton county court. The charge was manslaughter. A great many witnesses were examined. The predominant testimony was that Sanford accosted Goebel first and fired first. Attorney-General Hendricks was positive on this point, and his testimony was corroborated by many witnesses and contradicted by none. On the ground that Senator Goebel acted in self-defense he was acquitted and his case was dismissed.

Throws Nitric Acid on a Woman.

Duluth, Minn., April 17.—An attempt to disfigure Mrs. Frances Jacobs with nitric acid was made by Julius Rosenkrantz. Only an accident saved her from being disfigured for life. Rosenkrantz has long been enamored of Mrs. Jacobs, who is a dressmaker. Recently she asked him to cease his attentions. He followed her on her way to a ball and threw the acid and fled. Rosenkrantz was arrested and made a confession.

CAUSED BY HIGH WATER.

Towns Flooded, Mills Stopped, and Thousands Rendered Idle.

Boston, Mass., April 17.—Reports of damage by floods in Northern New England continue. More than twenty miles of railroad in the Pemigewasset Valley, New Hampshire, are washed away, and it will be a month before trains will be running again. Both the Boston and Maine, and the Concord and Montreal will lose upwards of \$200,000 each. Fourteen bridges over Passumpsic river alone have been carried away.

At Belknap Falls William Burke fell from a bridge and was drowned, and S. N. Alexander, Jr., and James Fitzgerald attempted to rescue a woman from a partially submerged building when their boat was overturned and both perished.

At Concord, N. H., fifty families are homeless, and at Haverhill, Mass., the shoe shops are all shut down. Fully 3,000 people have been made temporarily idle. In the eastern part of the city the streets are under water. The dam of the S. D. Warren Paper company at Portland, Maine, was carried away yesterday, throwing over 6,000 men out of work. At Saco the mills are closed and the tenement-house section of the city is flooded.

Wants America To Act.

Washington, April 17.—The United States has been requested by the Chinese government to take under its protection the Chinese residing in Guatemala.

SECTARIAN BILL DEFEATED.

Fate of Certain Measures in the Wisconsin Legislature.

Madison, Wis., April 17.—The assembly last evening finally tabled the American Protective association bill, requiring all secret societies bearing arms or drilling sub rosa to report in detail to the adjutant general. It was debated forenoon and night, and during the morning a motion to table was only defeated by a tie vote. The house also killed the bill permitting towns to bond themselves to aid in the construction telephone lines, and for the retirement of Supreme court judges on half pay after they have reached the age of 70 years; also the bill reducing the wage exemption from \$60 to \$30. A bill was passed carrying \$789,000 of appropriation or the maintenance of the charitable reformatories and penal institutions during the next two years. After a sharp debate the O'Neill bill providing for a commission to revise the tax laws was passed. The legislators participated in a reception given at the executive residence in the evening in their honor.

VEST FOR FREE SILVER.

Thinks the West and the South Will Win.

New York, April 17.—Senator Vest, talking on the issues of 1896, said: "It has been evident for a long time that the radical difference of opinion on the tariff and money questions between the democrats of the northeast and the west and south could not be compromised. National conventions have equivocated and straddled in order to get votes, but the time has come when this is no longer possible. Many leading democrats of the northeast advocate what they call moderate tariff protection and the single gold standard. We of the west and south believe in a tariff for revenue only and the free coinage of silver. We propose to frame a platform unequivocally declaring our opinions and to nominate for the presidency a candidate about whose loyalty to this platform there can be no suspicion."

BAD BLAZE IN CINCINNATI.

Plant of the National Saw Company Destroyed.

Cincinnati, Ohio, April 17.—The large six-story building of the National Saw company, occupying almost a square at Baymiller and Sixth streets, burned about midnight last night. The building belongs to the estate of Wesley H. Cameron, and was valued at over \$50,000. The National Saw company lose on stock, machinery, etc., \$250,000. The company has \$125,000 insurance on the warehouse that was burned. The six-story warehouse is a total loss, but part of the sawing buildings that belonged to the saw company and not to the Cameron estate were saved. The company saved books and accounts, but nothing else. The walls fell in, making the loss complete.

Irrigation Law Valid.

North Platte, Neb., April 17.—Judge Sinclair, of the district court, has rendered a decision upholding the constitutionality of the irrigation law. He ruled that the provision of the irrigation act granting right of eminent domain was constitutional. The right of condemnation of right of way for irrigation ditches is by the decision placed upon the same basis as the condemnation of right of way for railway lines.

China and Japan at Peace.

Washington, April 17.—Mrs. John W. Foster, wife of the ex-secretary of state, received a dispatch from her husband, who is confidential adviser to the Chinese peace envoy, confirming the report that articles of peace had been signed between China and Japan. The cablegram said the peace agreement was signed yesterday and that Mr. Foster will be home June 1.

Lippard Gets a New Trial.

Detroit, Mich., April 17.—William C. Lippard, a member of the school board, recently convicted of receiving a bribe and sentenced to five years' imprisonment, has been granted a new trial by the supreme court on the ground that the cross-examination of the complaining witness was unduly restricted.

To Cure Lepers.

Washington, April 17.—Mail advices from Hawaii state that the government authorities have communicated with Dr. Albert B. Hale of Chicago with a view of having him take charge of the government experimental laboratory for the discovery of means to eradicate leprosy. The Hawaiian legislature is expected to convene next month and frame laws as to passports and lands.

Exposition Will Be Ready.

Atlanta, Ga., April 17.—The exposition stockholders yesterday met and re-elected the old board of directors. President Cillier assured the stockholders that the exposition would be completed in every respect when the gates open. There were 1,500 men at work today and by the end of the week 2,500 men would be employed.

Reward for a Fugitive Judge.

Montgomery, Ala., April 17.—As the result of a report of Examiner Reeves, Gov. Oates declared vacant the office of probate judge of this county. The governor has also offered a reward of \$400 for the apprehension of F. C. Randolph, the absconding judge.

May Be Operated by the State.

Atlanta, Ga., April 17.—The North-eastern railroad of Georgia was sold yesterday. Only one bid was made and that was by Gov. Atkinson representing the state. The property was knocked down to him for \$100,000. The road will either be resold, leased, or operated by the state.

Death Recalls a Notorious Crime.

Little Rock, Ark., April 17.—Mrs. Mary E. McCravens, one of the earliest settlers of Plummerville, Conway county, is dead. It was in her house that the Hon. John M. Clayton was murdered.

CHUBBOCK IS OUT
DITTMAR GOES INCOUNTY BOARD AT APPLETON
TAKE ACTION.

Vote Was a Tie Between the Two Men and They Cast Lots to See Which Should Get the Office—Chubbock Won But the Board Ruled Against Him.

Appleton, April 17.—The county board today decided that drawing lots was not the proper way to decide a close election. At least that would be the inference, for when the election at Seymour resulted in a tie between F. B. Dittmar, republican chairman of the last county board, and T. Chubbock, a democrat, they so decided the matter in Chubbock's favor. The people opposed Chubbock because he owned no real estate, claiming that he was not eligible. The county board this morning upheld that claim and seated Dittmar. Chubbock will take the case into court.

RETURNS ARE LIGHT.

Income Tax Hopes of the Treasury People Shattered.

Washington, April 17.—The reports from collectors of internal revenue over the country are said to be very discouraging to those who had expected heavy returns from the income tax. While the returns themselves have not of course been sent in enough to be received from the collectors during the day to make it apparent the income tax is going to be a great disappointment. "If we get one-third of what we had expected out of it," said a prominent official of the treasury, "it will be all that I now expect. That decision of the Supreme court played smash with our prospects on income tax. I do not believe we shall get \$10,000,000 out of it, and as a part of that will be paid in June and a part in July we shall not feel it in any way."

PERRY IS RUN DOWN.

Fugitive Insane Robber Caught in Weehawken, N. J.

New York, April 17.—Trainrobber Oliver Curtis Perry, who escaped from Matteawan Asylum for the Criminal Insane last Wednesday night with four other convicts, Maguire, O'Donnell, Quigley and Davis, has been captured. He was taken into custody at 5 o'clock yesterday morning by the police of Weehawken, who found him wandering in the train yards of the West Shore railroad.

Perry told a pathetic story of his treatment at Matteawan asylum. He said he had been there since June 2 last. He said he had been kept in a small room with bare walls and only unwholesome air to breathe. He said it would be a godsend to those people in the asylum if an investigation was made into the manner of the treatment of the patients there.

Mill Owners Restore Wages.

Fall River, Mass., April 17.—The cotton manufacturers met yesterday and voted to restore the schedule of wages in force previous to Aug. 20, 1894, the restoration to go into effect April 22, 1895. The action was practically decided upon before the meeting. There was no discussion and the meeting lasted but twenty minutes. The restoration is a return of an average of 10 per cent taken off last August and amounts to \$17,000 a week for all the operatives in the city.

Oil at \$2.54.

Pittsburg, Pa., April 17.—Oil has passed the \$2.50 point on the exchange, the bidding yesterday going to \$2.54, and there were sales at \$2.51. The Standard ran up the price of credit balances to \$2.25. At \$2.50 there was a sale of 20,000 barrels, the largest single transaction since the present boom set in. Shortly before the close of the exchange the top figure was reached, \$2.54, and then there was an easing off to \$2.51, the closing quotation, at which there were sales.

Ransom's Appointment Is Not Void.

Washington, April 17.—High officials of the government take no stock in the statement that ex-Senator Ransom's appointment as minister to Mexico was illegal under the constitution, because the compensation of the office was increased during his term as senator. Although Mr. Ransom was "nominated" and confirmed during his term of service, it will be held that he was not "appointed" until he had received his commission, which was March 5, when he had ceased to be a senator.

Railway Managers' Meeting.

St. Louis, Mo., April 17.—A large number of the members of the American Railway association, whose convention begins here to-day, have arrived. At the meeting reports will be presented by committees and the annual election of officers will take place. The committee on the international congress has outlined a report as to the manner in which the American association shall be represented at the meeting of the international railway congress in London Jun 26.

Decides Against Northern Pacific.

Washington, April 17.—Secretary Smith has decided adversely to the claim of the Northern Pacific railroad to lands lying in Idaho within the limits of its grant, but which were subsequently withdrawn by proclamation and formed into a part of Coeur d'Alene Indian reservation. More recently the Indians ceded these lands back to the United States and congress confirmed the cession.

Will Not Grant an Armistice.

London, April 17.—The request of Umra Khan of Jandol for an armistice has been declined until all the British prisoners are given up.

THE NEW GAME LAW IS NOW IN FORCE

IT MAKES SOME RADICAL
CHANGES.

Deer Season in November—"Set Lines"

Are Done Away With—Board of Fish and Game Commissioners to Consist of Eight Persons—The Open Season.

The new game law, in which local sportsmen have been much interested, is now in force, it having been published in the official paper yesterday. It makes some radical changes in the present law. Probably the change made in the open deer season is the most important amendment contained in the new law. The last legislature made the entire month of October the open season for hunting deer. The new law provides that deer shall be hunted only from November 1 to November 31.

The law also provides for a board of eight commissioners of fisheries. The governor is to appoint six and he and the professor of zoology of the university are to be members ex-officio. Their terms are to be for six years, one going out each year. They are to receive no compensation, but are to be allowed actual expenses. Under their control is the preservation of game and fish and the enforcement of the law.

The board is to appoint a superintendent of fisheries and the governor a state fish and game warden. The board may also appoint a number of game and fish wardens, not exceeding two in each county. The state warden shall be secretary of the board and chief warden. The sub-wardens are to receive no salaries.

The Open Season.

The open seasons, according to the new law, are as follows:
Speckled or brook trout, California or rainbow trout, or mountain or brown trout or any other trout with which the streams of the state may have been stocked—April 15 to August 20.

Black bass, green bass, Oswego bass, pickerel, wall-eyed pike and muscalonge (excepting in the outlying water of the states)—June 1 to March 1.

Deer, buck, doe or fawn—Nov. 1 to Nov. 31.

It is also declared unlawful to hunt deer, buck or doe in the night time, or at any time with dogs, and to use a dog or dogs to hunt rabbits during the time the law permits the hunting of deer, but this does not apply to the counties south of the deer belt.

California quail, woodcock, quail, partridge pheasant or ruffed grouse, prairie hen or prairie chicken, sharp-tail grouse or grouse of any variety, mallard teal or wood duck, plover or snipe—Aug. 20 to Dec. 1.

Wild duck of any variety, wild goose or brant—Sept. 1 to May 1.

Otter, martin, mink or fisher—Oct. 1 to May 1.

Unlawful Ways of Fishing.

It is decided to be unlawful to fish through the ice in any of the inland waters with more than one hook and line; to take, catch or kill any fish in any stream of water within one hundred feet of any fishway during the spawning season of fish in such waters, or have in possession or under control any fish so taken or caught; to lay, use, set or prepare any drug, poison, line, medicated bait, fish berries, dynamite or other explosive or deleterious substance whatever in any of the outlying or inland waters of this state with intent thereby to kill, take or capture fish; to lay, stretch, use or prepare any set line, trot line, or any wire, string, rope or cable of any sort whatever having thereto attached, more than one hook, with intent thereby to take, catch or kill any fish; to catch, kill or take any fish of any variety in any of the waters of this state by means of dynamite or other explosives; to catch in any of the inland waters of this state any fish by means of trot line, or any wire, string, rope or cable of any sort having thereto attached directly or indirectly more than one hook; to catch fish of any variety in any of the inland waters of this state with any other device than a hook and line.

Other Regulations.

It prohibits the use of any pivot or swivel gun or other fire arms not held habitually at arm's length and discharged from the shoulder, while in use for the unlawful shooting of any animal, water-fowls or birds.

Any screens set in public waters to prevent the free passage of fish in trout streams which have been stocked by the state commissioners of fisheries. All boats, floating rafts or boxes, or blinds set in open water outside of the natural growth of grasses or rushes, in use for the unlawful pursuit, hunting or shooting of any duck, geese or brandt, and all decoys set for the unlawful decoying of such water fowl during the close season therefor.

Heavy penalties are provided for transgressing the law.

It is also declared to be unlawful to catch or kill at any time or for any purpose whatever, except for scientific purposes, any whippoorwill, night hawk, bluebird, finch, thrush, lark, robin, turtle dove, or any other harmless bird, except black birds and sparrows.

It is also unlawful "or any person not the owner thereof, or some person by him authorized to take, catch, kill, impede in its progress or otherwise interfere with any carrier or homing pigeon or pigeons."

There is no section prohibiting the hunting of birds with dogs.

LECTURES MADE \$26 FOR CHARITY

University Extension Course Profit Given To the Poor.

That the University Extension Course lectures which were given at the Sunday school rooms of the Court Street church were profitable to many people, and in more ways than one, is shown by the following letter.

MISS M. A. CHITTENDEN, SECRETARY.
DEAR MADAM: I have the pleasure to enclose herewith a certificate of deposit on the Merchants & Mechanics Savings bank for the sum of \$26.25.

This is the net proceeds of the fortnightly Club's Extension Course lectures. By vote of this club this is donated to the Associated Charities.

I would add that this is a larger sum than it would otherwise have been for the reason that the several newspapers donated all advertising of said lectures, because the proceeds were pledged to some charity. Yours very truly, GEORGE L. CARHINGTON, Pres.

The following acknowledgement is made by the association.

"On behalf of the Associated Charities we tender the thanks of the club for the above generous gift."

DR. MILLS WILL BE HERE MAY 1

He is Now Studying in the Hospitals of New York.

Dr. James Mills writes the Gazette that he expects to be in the office by May 1.

"I will remain in New York until the end of April," he says in his letter. "I am making a special study of diseases of children in the hospitals of this city, as I find more attention is paid to that department of medicine here than abroad. Since leaving I have studied in the hospitals of Edinburgh, London, Dublin and Berlin, giving my attention especially to diseases of women and surgery."

ART EXHIBITION PAID EXPENSES

As That Is All the Managers Expected They Are Well Pleased.

The art exhibition at the Windsor Hotel the past week was a success. The ladies who had the affair in charge, did not expect to make money, but they succeeded in paying expenses which was all they expected. The exhibition was appreciated by the art loving public, as was shown by the increasing daily attendance. Another show may be held in this city, in the fall under the auspices of the same club.

THE NEWS OF WISCONSIN.

GEORGE LESTER, a lumber camp cook who had been in the hospital at Hayward, recovering from the effects of drink, escaped from his attendants and arming himself with a coupling pin went to the house of John Erickson and smashed in the door. Mr. Erickson appeared armed with a gun. The latter might have proved fatal to Lester if Erickson's gun had been loaded. As it was, Erickson knocked the crazy man senseless and when help arrived he was taken to the jail.

J. FRANK KARTACK, who eleven years ago founded the Baraboo News, has sold his interest in the concern to J. K. Matchett, late of Piercetown, Ind., and the paper is now managed by H. E. Cole, A. D. Dorsett and J. K. Matchett. Mr. Kartack will remain for a time in the office.

Messrs. Ed. Clancy, C. M. Dietrich and Andrew Simonson of Racine, have received hand rails from the stairway of the late residence of James G. Blaine at Washington, which they are having made into canes. The residence is being torn down to make room for a theater.

W.R.C.MADE MERRY ON THEIR BIRTHDAY

TEN YEAR'S OF WORK CELEBRATED LAST NIGHT.

Pleasing Program Was Presented at All Souls' Church and the Entertainment Was Much Enjoyed—The Good Work Done by The Order in Janesville.

For ten years the Woman's Relief Corps of W. H. Sargent Post has been caring for and lightening the burdens of old soldiers who have fallen, sick or wounded, on life's battlefield and the anniversary of the organization of this most worthy order was pleasantly commemorated at All Souls' church last evening. The entertainment was participated in by a goodly audience and the church was appropriately decorated with flags. Dr. J. B. Whiting presided and the program was much enjoyed. The feature of the evening was a "flag drill" given by sixteen young ladies, they being Misses Dolly Enright, Kathryn Fenton, Sadie Fathers, Florence McDonald, Grace Miller, Jennie Boyes, Lucy Hansen, Cora Rutter, Hattie Owen, Nellie Rumrill, Alice Fenton, Kittie Enright, Dottie Baker, Myrtle Dewey, Genie McDonald and Jessie Crowe. Mrs. O. H. Brand was the drill master and she had trained the company well. The girls were dressed in long white empire dresses, with red, white and blue sashes tied in a butterfly bow between the shoulders and red, white and blue caps. Each one carried a flag and the complicated evolutions were executed without a break. At the close of the drill a number of very pretty tableaux were presented.

Two Children Sang Well.

Preliminary to the drill Edward Enright delivered an interesting address on the origin of the flag, and Mamie and Willie Curtiss sang a "medley duet," for which their mother, Mrs. Q. A. Curtiss, played the accompaniment. That two children of such tender age could memorize and sing such a medley seemed almost a wonder, yet it was rendered without a break and won for them well merited applause. Mrs. Curtiss is a thorough musician and her two bright little children demonstrated that they too, possessed much talent in that direction. The music was furnished by the Epworth League Orchestra of the First Methodist church and after their opening selection, Dr. Whiting introduced Dr. S. Halsey of Court Street Methodist church, who spoke entertainingly, his remarks being the first number on the program which was as follows:

The Work of the Corps.

It was for a most excellent work that the Woman's Relief Corps was organized, and to that work all their energies have been bent. The Grand Army of the Republic was organized to keep the veterans together and for mutual benefit. The Woman's Relief Corps goes further than that and aims to provide the comforts of life for the old soldier and his dependents when disease attacks him, old age cripples him or accident befalls him. No duties are too arduous for them to assume and no opportunity to do good is overlooked by the faithful and considerate mothers and daughters who compose the corps. The veteran members of the G. A. R. fought and planned to preserve the union; the Woman's Relief Corps aim to add comforts to the declining years of the veteran himself. There is a grand good work and the burden should not be left for them to bear alone. They should receive the help and co-operation of every woman in this city who is wont to serve Him who said "Inasmuch as ye did it unto these; ye did it unto me."

J. A. Richardson, of Jefferson City, Mo., Chief Enrolling for a 38th general assembly of Missouri, writes: I wish to testify to the merits of One Minute Cough Cure. When other so-called cures failed, I obtained almost instant relief and a speedy cure by the use of One Minute Cough Cure. C. D. Stevens.

A FIRE BUG BURNED A HOUSE

Residence Owned by G. C. McLean Nearly Destroyed Last Night.

Fire bugs got in their work very cleverly this morning when they fired the tenement house of George C. McLean, 53 Jefferson street. An alarm was turned in from box 54, corner of North and Jefferson streets, at 3:06 o'clock. When the fire department arrived the upper story of the main building as well as the attic and roof of the one story addition were enveloped in flames. The fire was soon extinguished, but the building is badly damaged.

The fire appeared to have been set under the stairs in the main or two story part of the house and had evidently been burning some time before it was discovered by Engineer Charles P. Smith of the Northwestern railway, who turned in the alarm. The house was unoccupied. Mrs. Ernest Spath was the last occupant, she vacating the building last Monday. The house was damaged by fire and water about \$500. There is an insurance of \$800 on the buildings.

EIGHT BELLS IS VERY AMUSING

Brothers Byrne And Their Company Give A Good Show.

Eight Bells pleased a Janesville audience very much at the Myers Grand last evening and a large audience laughed until their sides ached. The Brothers Byrne are very clever acrobats and their performance abounds with ludicrous situation and catchy music. Everything went off like clockwork and the elaborate scenic effects were managed without a hitch. It was the first presentation of the piece in Janesville but if they should return the house would be filled from pit to dome.

A suitable reward will be paid the finder on their return, or a place where they can be duplicated.

Sometime during the past week, somewhere on the East or West side, or between the two, the loser is in doubt as to which, or the manner in which the loss was sustained, several bundles of various sizes, done up separately and enclosed all together in a rich brown gunny sack. The contents of the sack was as follows: 1 pair of Centemeri kid gloves, a quantity of embroidery silk, a pair of 50 cent serge congress and some stamped linens. Near the bottom was a box of P. D. Q. corsets tied with a red string. There was also a pair of Strong & Carroll's \$7.00 shoes for the old man that I paid \$4.00 to Brown Bros. & Lincoln for, only worn a few times. Beside these things I had, which I did not lose, a dress pattern of Highland cheviot, two pairs of Gordon-dyed hose and a child's waist. If not returned in ten days I will give a reward to any person who will tell me where I can duplicate the lot in quality for the same price I paid for them.

EVANSVILLE EQUINE DIED OF PURE FRIGHT.

He Was Standing Hitched to a Post When The Animal Trainers Went By With Hall's Circus Beasts—When He Saw Them He Shivered and Fell—County News.

A horse owned by Isaac Brink of Evansville died of fright.

The equine was hitched to a post in front of the home of Village Marshal Charles C. Brink, when the animal trainers of Hall's circus came along leading the camels from the train to the Hall farm, just outside the village.

When the horse turned and saw the odd looking beasts it began to tremble violently. By standers hastened to unhitch it from the buggy but they found that there was no danger of its jumping up and running away for it was as dead as a mackerel.

News of the Grove.

EMERALD GROVE, April 16.—Interesting services were held on Easter Sunday here. The young ladies of the society conducted the services, and the church was prettily decorated for the occasion. The Sheriff of Siskyou.

By BRET HARTE.

CHAPTER I.

On the 15th of August, 1854, what seemed to be the entire population of Wynyard's Bar was collected upon a little bluff which overlooked the rude wagon road that was the only approach to the settlement. In general appearance the men differed but little from ordinary miners, although the foreign element—shown in certain Spanish peculiarities of dress and color—predominated, and some of the men were further distinguished by the delicacy of education and sedentary pursuits. Yet Wynyard's Bar was a city of refuge and comprised among its inhabitants a number who were "wanted" by the state authorities, and its actual attitude at that moment was one of open rebellion against the legal power and of particular resistance to the apprehension by warrant of one of its prominent members. This gentleman, Major Overstone, then astride of a gray mustang and directing the movements of the crowd, had a few days before killed the sheriff of Siskyou county, who had attempted to arrest him for the double offense of misappropriating certain corporate funds of the state and the shooting of the editor who had imprudently exposed him. The lesser crime of homicide might have been overlooked by the authorities, but its repetition upon the body of their own overzealous and misguided official could not pass unchallenged if they expected to arrest Overstone for the more serious offense against property. So it was known that a new sheriff had been appointed and was coming to Wynyard's Bar with an armed posse. But it was also understood that this invasion would be resisted by the Bar to its last man.

All eyes were turned upon a fringe of laurel and butternut that encroached upon the road half a mile away, where it seemed that such of the inhabitants as were missing from the bluff were hidden to give warning or retard the approach of the posse. A gray haze slowly rising between the fringe and the distant hillside was recognized as the dust of a cavalcade passing along the invisible highway. In the hush of expectancy that followed the irregular clatter of hoofs, the sharp crack of a rifle and a sudden halt were faintly audible. The men, scattered in groups on the bluff, exchanged a smile of grim satisfaction.

Not so their leader. A quick start and an oath attracted attention to him. To their surprise, he was looking in another direction, but as they looked, too, they saw and understood the cause. A file of horsemen, hitherto undetected, were slowly passing along the little ridge on their right. Their compact accouterments and the yellow braid on their blue jackets, distinctly seen at that distance, showed them to be an escort of United States cavalry.

Before the assemblage could realize this new invasion a nearer clatter of hoofs was heard along the highroad, and one of the ambuscading party dashed up from the fringe of woods below. His face was flushed, but triumphant.

"A reg'lar skunk, by the living hokey!" he panted, pointing to the faint haze that was again slowly rising above the invisible road. "They backed down as soon as they saw our hand and got a hole through their new sheriff's hat. But what are you lookin' at? What's up?"

The leader impatiently pointed with a darkening face to the file.

"Reg'lars, by gum!" ejaculated the other. "But Uncle Sam ain't in this game! Right have they?"

"Dry up!" said the leader.

The escort was now moving at right angles with the camp, but suddenly halted, almost doubling upon itself in some evident commotion. A dismounted figure was seen momentarily flying down the hillside, dodging from bush to bush until lost in the underbrush. A dozen shots were fired over its head, and then the whole escort wheeled and came clattering down the trail in the direction of the camp. A single riderless horse, evidently that of the fugitive, followed.

"Spread yourselves along the ridge, every man of you, and cover them as they enter the gulch!" shouted the leader. "But not a shot until I give the word. Scatter!"

The assemblage dispersed like a startled village of prairie dogs, squatting behind every available bush and rock

"One moment more," said Overstone, coming forward.

along the line of bluff. The leader alone trotted quietly to the head of the gulch. The nine cavalymen came smartly up in twos, a young officer leading. The single figure of Major Overstone opposed them with a command to halt. Looking up, the young officer drew rein, said a word to his file leader, and the four files closed in a compact square, motionless, on the road. The young officer's unsworded hand hung quietly at his thigh. The men's unslung carbines rested easily on their saddles. Yet at that moment every man of them knew that they were covered by a hundred rifles and shotguns leveled from every

bush, and that they were caught helplessly in a trap.

"Since when," said Major Overstone, with an affectation of tone and manner different from that in which he had addressed his previous companions, "have the Ninth United States cavalry helped to serve a state court's pettifoggery process?"

"We are hunting a deserter—a half breed agent—who has just escaped us," returned the officer. His voice was boyish. So, too, was his figure in its slim, cadetlike smartness of belted tunic, but very quiet and level, although his face was still flushed with the shock and shame of his surprise.

The relaxation of relief went through the wrought and waiting camp. The soldiers were not seeking them. Ready as these desperate men had been to do their leader's bidding, they were well aware that a momentary victory over the troopers would not pass unpunished and meant the ultimate dispersion of the camp, and quiet as these innocent invaders seemed to be they would no doubt sell their lives dearly. The embattled desperadoes glanced anxiously at their leader. The soldiers, on the contrary, looked straight before them.

"Process or no process," said Major Overstone, with a sneer, "you've come to the last place to recover your deserters. We don't give up men in Wynyard's Bar. And they didn't teach you at the academy, sir, to stop to take prisoners when you were outflanked and outnumbered."

"Bedad, they didn't teach you, Captain Overstone, to engage a battery at Cerro Gordo with a half company, but you did it. More shame to you now, sir, commandin' the thaves and ruffians you do."

"Silence!" said the young officer.

The sleeve of the sergeant who had spoken—with the chevrons of long service upon it—went up to a salute and dropped again over his carbine as he stared stolidly before him. But his shot had told. A flush of mingled pride and shame passed over Overstone's face.

"Oh, it's you, Murphy!" he said, with an affected laugh, "and you haven't improved in discipline with your stripes."

The young officer turned his head slightly.

"Attention!" "One moment more," said Overstone, coming forward. "I have told you that we don't give up any man who seeks our protection. But," he added, with a half careless, half contemptuous wave of his hand and a significant glance at his followers, "we don't prevent you from seeking him. The road is clear. The camp is before you."

The young officer continued without looking at him: "Forward—in two files—open order. Ma-arch!"

The little troop moved forward, passed Major Overstone at the head of the gully and spread out on the hillside. The assembled camp, still armed, lounging out of ambush here and there, ironically made way for them to pass. A few moments of this farcical quest and a glance at the impenetrably wooded heights around apparently satisfied the young officer, and he turned his files again into the gully. Major Overstone was still lingering there.

"I hope you are satisfied," he said grimly. He then paused and in a changed and more hesitating voice added, "I am an older soldier than you, sir, but I am always glad to make the acquaintance of West Point." He paused and held out his hand.

West Point, still red and rigid, glanced at him with bright, clear eyes under light lashes and the peak of a smartly cocked cap, looked coolly at the proffered hand, raised his own to a stiff salute, said, "Good afternoon, sir," and rode away.

Major Overstone wheeled angrily, but in doing so came sharply upon his coadjutor, the leader of the ambushed party.

"Well, Dawson," he said impatiently, "who was it?"

"Only one of them d—d half breed Injin agents. He's just over there in the brush with Simpson, lying low till the soldiers clear out."

"Did you talk to him?"

"Not much!" returned Dawson scornfully. "He ain't my style."

"Fetch him up to my cabin. He may be of some use to us."

Dawson looked skeptical. "I reckon he ain't no more gain here than he was over there," he said and turned away.

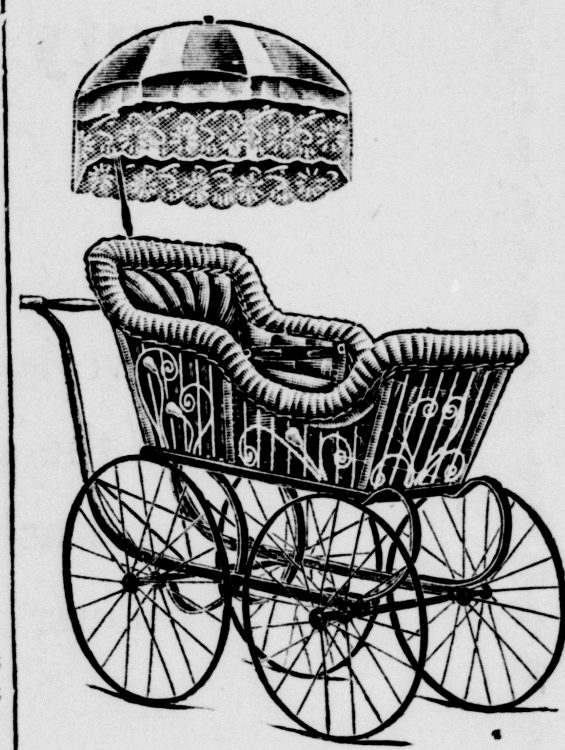

To be continued.

Housekeeper's Sunday.

Housekeepers need one day in seven for rest as much as any other class of laborers, but too often the Sabbath is crowded with work that seems inevitable. While some duties must be performed, Sunday's work may be greatly lessened. Much work may be saved on Sunday in the cooking. During the week the wise housewife will plan all her Sunday meals and purchase everything needed. It does not look very consistent to see professed Christians patronize butcher shops, bakeries, milk and ice wagons on the Lord's day. The mother's Sabbath is not complete unless some time is spent in religious instruction, and by an attractive recital of Bible stories, early teaching a love for God's word. This hour can be made one of real pleasure to the little ones if wisely conducted, and will be a bright spot in their memories and an incentive to right living in the years to come. A calm, useful, well-spent Sabbath is the crowning joy of the whole week.

THIS DAY IN HISTORY

1492—Ferdinand and Isabella signed the agreement with Columbus.
1790—Dr. Benjamin Franklin died; born 1706.
1806—William Gilmore Simms, author of southern historical romance, born in Charleston; died there 1860. Simms was one of the most voluminous writers of the American romance period. His stories treated of the stirring times of colonial, Revolutionary and pioneer days.
1871—Hon. Thomas F. Marshall of Kentucky died at Louisville.
1886—The city of Zante and many villages on the island destroyed by an earthquake.
1894—The famous Brazilian insurgent warship Aquidauan sunk by a government torpedo boat. Henry S. Ives, the "rapid" financier, died at Asheville, N. C.

PRESIDENT CLEVELAND.

It is gratifying to the country to know that President Cleveland is sound on the money question, and that he is not carried away with the freer so prevalent in his part. His letter to the business men of Chicago, is a plain practical statement of conditions as they exist, and an intelligent forecast of the danger of a debased circulating medium. If the president was as sound on the tariff as he is on finance, it would be still more gratifying, but unfortunately he represents the free trade wing of his party, and in spite of the fact, that American industries are paralyzed, and American workmen idle, he clings persistently to his tariff reform hobby. Why a man of his intelligence should be so blind to the fundamental principles of national prosperity, is difficult to explain. To be sure he has not been touched on the losing side, by the great calamity that befell the nation, when protection was removed. As president his salary is secure and as an attorney he knows that depression is a bonanza to the profession. As a statesman however, if he possesses statesmanship in a broad and liberal sense, he would have discovered long since, what has been painfully apparent to the business and commercial world, that something was radically wrong, and he would have found no difficulty in tracing the evil to foreign competition as the result of free trade heresies. Some one has truthfully said, that it is foolish to talk about supplying the markets of the world when our home market is overrun with foreign goods that heretofore have been made at home, and would be today but for cheap foreign labor. If England can sell goods profitably in the American market she can certainly supply the home demand. President Cleveland will hold his office long enough to see the United States lose half her foreign trade. He may some day realize that the tariff issue is of vital importance to national prosperity.

The island of Formosa, in China, noted for its fine Oolong tea, is not included in the existing armistice between Japan and China. As the result, the tea crop of some 16,000,000 pounds is not likely to be gathered this year. The island is about 90 miles from the mainland, and the Chinese heretofore have been in the habit of crossing the channel and camping out in the tea fields until the crop was secured. This they refused to do this year, as the island is occupied on either side by contending armies. Tea merchants are much exercised over the loss of the crop.

The average annual receipts of the government from all sources for four years closing with December 1893, was 452 and half million dollars. The average annual expenses during the same period was 400 and one-half million, showing a surplus of a little over 200 million dollars. Two years of democracy has wiped out the surplus and added 165 millions to our bonded debt. The country has reason to be gratified that there are only two years more of Grover.

Rock county's lack of recognition by the state executive, looks very much as though the government possessed a memory that went back as far as the nominating convention. It will be remembered that the county under ill advised leadership, supported a forlorn hope from Jefferson county with a persistency worthy of a better cause.

The appointment of Mr. Heg of Geneva, to the State Board of Control, was practically made in Milwaukee last summer. Mr. Heg will make an intelligent member and his appointment will be appreciated by his brother newspaper men throughout the state.

The large cotton crop of last year is rapidly being absorbed by the old

world, and foreign labor is being benefited at the expense of American industries. Raw cotton may be a good thing to sell, but the finished product that this country should produce is a poor thing for America to buy.

Mr. Depew's knowledge of horned cattle may be a little defective but he seems to possess correct ideas of the sort of cattle the Illinois governor trains with.

It is estimated that fully fifty per cent of the orange groves of Florida have been ruined by frost.

Wisconsin Democratic legislators favor Vilas for president and the free coinage of silver.

BIG BALL TOMORROW NIGHT.

Dance at the Armory Comes Off on That Date.

The social world of Janesville will turn out en masse tomorrow night at the Armory. The annual Butchers' ball will be the attraction, and Smith's full orchestra of thirteen pieces will furnish the music. It will be the grandest butchers' ball ever given in the city, and several hundred tickets have already been sold for the occasion. Every effort has been made to have it a very swell event, for the butchers do nothing in a meagre way. This, they say, will be the crowning event of their lifetime. While they invite the public to attend, they withhold the right to refuse admittance to all disorderly persons, as the party will be first class in every respect, as they will not permit anything that might curtail the happiness of those attending.

BOLLES' ESTABLISHMENT.

A Janesville Industry of No Mean Dimension.

When a new manufacturing plant locates in Janesville there is general rejoicing, and often a big bonus is offered to induce them to come. Bolles has added fifteen people to the population of Janesville, and his payroll every week would surprise you. The only bonus we ask is a fair share of your patronage.

Bolles is a boomer, and a substantial one. Some folks who feel very sore about us being in Janesville, take consolation in their own opinion, about how long we will stay. We will be here when they have sunk into oblivion, washed away by the tide of progressive tailoring, which is yet only in its infancy. We are growing, every day. Our fame cannot be walked in by the limits of Janesville, but will spread, like it did in Bloomington, until "Bolles, the Tailor," is a familiar name for a hundred miles around, and mark you, deservedly.

Highest Recommendation.

The truth about "Poet's Dream" is strong enough:—
Office of New York Life Insurance Company.

Chicago, Ill., Sept. 6, 1894.

My Dear Dennis: Truly I dreamed Poet's Dreams. Dreams of content and luxury! For solid comfort commend me always to Poet's Dream. I have used this tobacco since 1888. I have given some of it to my friends in Belfast, Ireland, in London and Bristol, England, and they write us constantly for it and speak so glowingly about it, that you ought to put it on the market and ship it across the water. If nothing else the American Colony in London and Paris alone would take enough of it to make both you and they happy. Yours very truly, J. H. Gregory, manager of New York Life. For sale by Prentice & Evenson.

CITY NEWS IN BRIEF.

The young citizen who was under suspicion as "The man that broke the bank at Monte Carlo" because he appeared on Milwaukee street, riding in an Albemarle Stanhope, proved that the buggy did not cost so much as many inferior ones, simply was a fine looking and cheap in price. Come to think about it, there is nothing to suggest anything but the best buggy made. No wonder our young friend was indignant at being thought a gambler. Wisconsin Carriage Top Co.

How can a man expect his children to look up at him when he humiliates them every day by having his wife cook on some other stove than the Quick Meal Gasoline? How proud they will be to point him out as the father who bought mother a Quick Meal Gasoline stove, thus making her work a half lighter. Lowell Hardware Co.

The charming music so much admired in the "Regina" is due partly to its wonderful precision of delivery, rendered possible by its peculiar construction, and by the genial and brilliant creations of the greatest living specialists, now under engagement. For sale at F. C. Cook & Co's.

Sign in a Western buggy store: "If you don't see what you want, get out before the boss shoots." Our sign reads: "If you don't find what you want, try one of our Albemarle Stanhopes." It's milder than the other, but it hits the mark every time. Wisconsin Carriage Top Co.

The more you know about gasoline stoves, the farther you would come from guessing the price of a Quick Meal gasoline. Experts invariably guess them from \$8 to \$10 a stove higher than they are actually sold. Lowell Hardware Co.

The butchers and their friends will dance at the Armory tomorrow night. Prof. Smith's full orchestra will furnish the music and everybody will be happy.

A HIGH HONOR.

W. F. Hayes, the optician, was selected from a large number of attendants at the Ophthalmic College in Chicago, as first assistant, on account of his superior qualifications in fitting spectacles. It is an honor that comes to a person only once in a lifetime. Mr. Hayes was called there yesterday morning to assist in some very difficult adjusting. He will only be gone two or three days, and then can again be found at F. C. Cook & Co's jewelry store.

CITY CAN GET CASH
TO PAY HER BILLSMR. KIMBALL'S THREE PER
CENT BILL PASSES.

The Senate Concurred In This Morning And Now It Only Needs Their Final Approval and the Signature of the Governor to Become a Bill.

The strain has been taken off of Janesville's finances at last.

A special dispatch to The Gazette from Madison this morning says that Assemblyman Kimball's bill, (401 A.) which amends the "general charter law," was concurred in, this morning, and now only awaits final approval and the signature of the governor to become a law. This amendment relates to taxation, and removes the limit now placed on the several funds in Janesville and other cities of the same class having similar fund limitation, in their special charters, enabling them to raise the funds necessary to run the city. The bill reads:

Section 1. Section 251 of chapter 326 of the general laws of 1889 is hereby amended so as to read as follows: Section 251. The adoption of this act by any city shall not be deemed to repeal or modify chapter 350 of the laws of 1887, entitled, An act to amend chapter 5, of the revised statutes of Wisconsin, in the year A. D. 1887, entitled, Of elections and general elections, and relating to elections in cities having a population of fifty thousand and over; nor chapter 378 of the laws of 1885, entitled, An act in relation to the police force and fire departments of the city of Milwaukee; nor any act nor part of an act limiting the amount of the public debt of any city or its proportion to the taxable property thereof; or the amount or rate of taxation in any city of the first class; but said acts and such provisions shall remain in force in the cities to which they relate and to which they are applicable, the same as if this act had not been adopted by such city or cities.

REV. H. L. CAWTHORNE, with his wife and two children arrived in the city this noon and will spend their vacation with Mrs. M. W. Ferslow, 154 East Milwaukee street, where their old friends will have an opportunity to meet them. Mr. Cawthorne is rector of the Episcopal church at Dundee, Ill.

REV. F. G. NORTON
CALLED BY DEATHTHE FORMER JANESVILLE PAS-
TOR IS NO MORE.

His Demise Occurred at Fernando, California, April 13, and the Remains Will Be Buried at Burlington, Wis.—His Work in Building up the Local Church.

Rev. Franklin B. Norton died at Fernando, California, April 13. His remains will be buried in Burlington, Wisconsin, on Friday. This announcement will be a surprise to Rev. Norton's many friends in Janesville as well as other places where he has been engaged in the ministry. He was pastor of the Congregational church in this city for a number of years, and it was through his untiring work that the new church building was erected to replace the old red

brick building which the society had outgrown. Mr. Norton resided at Burlington, Racine county. Last winter he wanted to the Pacific coast in hopes of regaining his health.

Mr. Norton left Janesville some twenty years ago, but during his pastorate at the Congregational society, he not only built their handsome new church building, but his christian labor greatly strengthened the society. He made many warm personal friends here as elsewhere, all of whom will be pained at learning of his death.

Mrs. George N. Peacock.

After months of feebleness and patient suffering, death came to the relief of Mrs. George N. Peacock last evening, and the tired spirit went out to the home of everlasting peace and rest.

Mrs. Peacock was born in Adrian, Michigan, December 5, 1849. She came to Janesville when a girl, and will be remembered by many of the older residents as Elizabeth Foxie. She was married in the later sixties to George N. Peacock. The little family that grew up about her inherited the disease from which she died, consumption, and one by one her children found an early grave, only one son remaining.

Mrs. Peacock was a devoted christian and a consistent member of Court Street M. E. church. During the years of her bereavement and suffering, she has been sustained by an abiding faith in the God she loved and who comforted her so wonderfully through many peculiar trials. Her husband and son Frank are the surviving members of the family. The funeral will be held at the home in Riverview Park, at 2 o'clock tomorrow afternoon.

R. R. ANGELL INVENTS A PUNCH
Machine That Will Cut Paper or Thick
Iron Equally Well.

R. R. Angell of this city after years of study, has invented a cutting and punching machine that is seemingly perfect. The cutting machine is used mostly by tanners, but will cut galvanized iron or paper without injuring the blade in the least. The machines vary in size from twenty-six pounds to twelve hundred pounds. The punching machine takes a three-eighth of an inch iron, as easy as paper. Mr. Angell expects his patents soon.

Conductor Devins' Train Killed an Equine Near De Kalb Last Night.

As Conductor Devins' train was pulling out of De Kalb on the Chicago & Northwestern last evening, and while running at the rate of forty miles an hour, a horse ran upon the track and stopped on a cattle guard. There it stood, not knowing which way to turn. Engineer Manning applied the brakes but it was too late and the engine struck the horse squarely in the side cutting it in two.

Blown Under a Locomotive.

Garden City, Kan., April 17.—A terrific windstorm blew all day yesterday, doing considerable damage to buildings and causing one death. At Pierceville, near here, George Wight was blown under a locomotive and cut to pieces. He was a prominent business man and Knight Templar. Between here and Cherokee hail fell to the depth of four inches. Some of the hailstones were larger than walnuts.

Bankers to Support Cleveland.

New York, April 17.—President Cleveland's appeal for "sound" money organization met with response yesterday at the meeting of the committee on program for the twenty-fifth annual convention of the American Bankers' association, to be held at Atlanta Oct. 15, 16 and 17. A suggestion that the association should use its active influence in favor of "sound" money was unanimously approved and the committee decided to make that feature prominent in the Atlanta meeting.

KNIGHTS AND LADIES
CAME BY THE SCOREMANY TEMPLARS GATHERED IN
JANESVILLE TODAY.

Inspection of the Commanderies In This District Held at the Armory This Afternoon—Reception Held For Visiting Ladies—Banquet and Ball Planned For Tonight.

Janesville was the rendezvous for scores of Knights Templar today. The reason of their coming was the inspection of the lodges, this afternoon by Grand Commander Eugene S. Elliott and Grand Recorder John S. Laffin of Milwaukee. The inspection has formerly been made separately but now it is done by districts, which accounts for the massing of the Knights in this district in Janesville.

The depot platforms were thronged with Sir Knights and their ladies this morning and the Janesville Commandery in full uniform acted as escort for the different commanderies as they arrived. The commanderies of Mineral Point and Beloit are present as guests of the Janesville Commandery, which includes the Sir Knights of Evansville, Brodhead, Monroe, Milton, Milton Junction, Fort Atkinson and Whitewater. The inspection took place this afternoon in the Armory, Grand Commander Elliott and Grand Recorder Laffin being the inspecting officers.

This afternoon the wives of the Janesville Knights gave a reception for the visiting ladies at the Masonic hall and after the inspection reception will take place in the Armory, followed in the evening by a banquet and social dance.

After completing the work of the M. T. D. last evening, members of Western Star Lodge of Masons and their guests adjourned to the Park hotel, where Landlord Galbraith had in readiness an appetizing banquet which was charmingly served and much enjoyed by about sixty persons.

BABY CONTEST OPEN BALLOTS IN DEMAND

MUCH INTEREST IS SHOWN IN
THE CONTEST.

Five Shares of Stock in the Rock County Building Loan and Savings Association Will be Given the Winner June 1—Value at Maturity Is \$500 and It Is Non Assessable.

The polls for The Gazette contest for the babies is now open and the ballot will be found at the close of this article and will run until June 1, when the contest will close. Much interest is centered in The Gazette's offer to present the baby who gets the highest number of votes with \$500 worth of stock in the Rock County Building Loan and Savings Association. It is a prize worth getting, for naturally it will be worth just half a thousand dollars. That will be a nice nest egg if kept at interest after maturity until the child becomes old enough to want to use it.

It will buy an education.
It will buy a building lot.
It will buy a piano and the lessons necessary to play upon it.

It is more than many people are able to save in a life time.
Of course all the mothers and fathers want it for their babe. How to get it is told below:

The polls opened this morning and will remain open until June 1. The baby that receives the most ballots in that time will receive a certificate calling for these five shares of stock. There are no dues to be paid, no assessments to be met, no installments to provide for. The stock stands for \$500 in cash and on its maturity, which will be in nine and one-third years, the money will be ready. The prize is a handsome one—it is well worth winning and the conditions of the ballot are as follows:

From March 1 until June 1, a coupon will be printed in each issue of The Gazette.

Any one, anywhere in any state is entitled to vote as often as they buy a copy of The Janesville Gazette containing the above ballot.

Out the ballot out (trimming on the dotted lines.) Write in the name of your candidate and enclose same in an envelope addressed to to Ballot Editor, Gazette, Janesville, Wis.

Only one person can be voted for on one ballot.

The baby who receives the largest number of votes will receive five shares of stock in the Rock County Building & Savings Association, cash value, \$500 at maturity.

The contest will close June 1 at 9 p. m., and the stock will be delivered as soon as the count of votes is completed.

Any non-subscriber who will subscribe for The Gazette and pay in advance will be entitled to the following number of ballots:

New subscriber paid in advance one month, 100 votes.

New subscriber paid in advance two months, 250 votes.

New subscriber paid in advance six months, 900 votes.

New subscriber paid in advance one year, 2,000 votes.

Each new subscriber who pays in advance and casts the number of votes specified is also entitled, of course, to cut coupons from the paper from day to day and vote in the regular manner.

No person will be allowed extra votes for stopping his paper and having it sent to another name at the same address.

In every instance they must be bona fide new subscribers.

No person will be allowed to stop his paper on Monday and start it again Tuesday and claim the premium offered.

No votes can be transferred from one candidate to another after being registered in this office.

Candidates must not be more than three years of age March 1, 1895, and must live in Janesville.

THE BALLOT.

The Publishers of "The Janesville Gazette" will give 5 Shares of stock in the Rock County Building, Loan & Savings Association to the Baby who receives the largest number of ballots.

—ONE VOTE FOR—

Of Janesville, Wis.

Very Queer Indeed.

Daily, nay, hourly experience, are the sensations of the dyspeptic, nervous invalid. Ask him and he will tell you that it is well nigh impossible to describe them. Palpitations of the heart suggest—uneasiness—that the organ is affected, buzzing in the ears, a queer metallic taste in the mouth and tingling along the edges of the tongue, restless, broken slumber at night, an inclination to sleep during the day, which disappears when the recumbent posture is assumed, frequent uneasiness of the stomach between meals and after meals with digestion ought to have performed its office. These are a few among the indications of the complaint, speedily removable by the use of Hostetter's Stomach Bitters, which also cures and prevents chills and fever, biliousness, constipation, rheumatism, neuralgia and kidney trouble.

A False Diagnosis.

La Grippe is confounded by many persons with a severe attack of catarrh, which in some respects resembles the former. These individuals

suffer severely with pain about the forehead, eyes and ears, with soreness in throat and stoppage of the nasal passages, and in fact are incapacitated for work of any kind for days at a time. These are catarrhal sufferers. Ely's Cream Balm has been used with the best results in such cases. The remedy will give instant relief.

MERITED REWARD.

SALES OF LYDIA E. PINKHAM'S
VEGETABLE COMPOUND.

Unequalled in the History of Medicine.
Honesty, Excellence, Faithfulness
Fifty Rewarded.

[SPECIAL TO OUR LADY READERS.]

Never in the history of medicine has the demand for one particular remedy for female diseases

equalled that attained by Lydia E. Pinkham's Vegetable Compound and never in the history of Mrs. Pinkham's wonderful Compound has the demand for it been so great as it is today. From Maine to California, from the Gulf to the St. Lawrence, come the glad tidings of woman's suffering relieved by it; and thousands upon thousands of letters are pouring in from grateful women, saying that it will and does positively cure those painful

Ailments of Women.
It will cure the worst forms of female complaints, all ovarian troubles, inflammation and ulceration, falling and displacements of the womb, and consequent spinal weakness, and is peculiarly adapted to the change of life. Every time it will cure

Backache.

It has cured more cases of leucorrhoea by removing the cause, than any remedy the world has ever known; it is almost infallible in such cases. It dissolves and expels tumors from the uterus in an early stage of development, and checks any tendency to cancerous humors.

Lydia E. Pinkham's Liver Pills work in unison with the Compound, and are a sure cure for constipation and sick-headache. Mrs. Pinkham's Sanative Wash is frequently found of great value for local application. Correspondence is freely solicited by the Lydia E. Pinkham Medicine Co., Lynn, Mass., and the strictest confidence assured. All druggists sell the Pinkham's remedies. The Vegetable Compound in three forms, — Liquid, Pills, and Lozenges.

FOR SALE

A Model Milling Plant.

The recent death of the owner makes the sale of this plant necessary. It consists of a flour mill, packing-storage house and two elevators. The mill is 60x60 feet, four stories and basement constructed of stone, brick and frame, the frame part being iron-clad. Capacity 300 barrels per day. The storage-packing house is 30x120 feet two stories. The elevators each have a capacity of 30,000 and 50,000 bushels. A branch railway track runs between the mill and packing storage house. This plant was ALL remodeled and made new in 1891. The business of this plant has paid the owner, up to his death, from \$8,000 to \$20,000 per year. This plant cost over \$80,000 and is the finest one in the northwest. It is run by water power and situated in Janesville, Wis. except the large elevator which is at Lake Preston, S. D. There is no encumbrance and it will be sold upon easy terms or can be exchanged for first-class real estate.

VARIOUS NOTES.

An Attempt to Increase the Size of Spring Bonnets.

The trimming of the small bonnet is now worn like outward pointed wings. Birds and wings, with the genuine aigrets, are beginning to retire from fashionable favor before the force of public opinion, especially since some of the fashion leaders have declared themselves on the side of humanity and good taste.

There is again an attempt to increase the size of the bonnet, and some fashionable women are wearing a sort of directoire

GRAY CLOTH COSTUME.

shape, profusely plumed. The erect brim is lined with white satin, and the bonnet itself is of velvet. A row of blooms is worn inside, and the strings are tied at the side in a full bow of the richest ribbon. There is no doubt that the style is what modistes term "distinguished," but in common materials and on the streets it would seem anomalous, after the widely different styles to which we have become accustomed.

Black lace may be freshened with a teaspoonful of borax to a pint of warm water, using an old black kid glove for a sponge, and pinning down to dry; iron it on the wrong side over black cambric. Borax, coffee, diluted alcohol, the water in which a black kid glove has been boiled and green tea are all excellent renovators for black lace. Avoid drying black lace near the fire, as heat is apt to turn it rusty. Gold and silver laces are cleaned with part of a loaf of stale bread mixed with a quarter of a pound of powder blue, rubbing the bread fine and mixing the blue with it. Sprinkle thickly over the lace, and in a short time it will brighten. Then brush off the crumbs with a piece of flannel and rub softly with a piece of red velvet.

The gown shown in the cut has a skirt of silver gray cloth. The tablier is outlined with steel embroidery and is fastened to the skirt at the top by steel buttons. The rest of the skirt has a band of darker gray cloth upon the lower edge. An open blouse of silver gray cloth is embroidered with steel and is arranged front and back over a tight dark gray corseage. The belt is of satin.

FASHIONABLE FANCIES.

The Woman Who Wears a Stylish Coat Must Have a Maid.

Some of the new dresses have the under arm pieces made of material like the dress trimming; in others the side forms also are of the trimming fabric. One stylish dress, made for a lady who has more plumpness than she cares for, has the vest and a pointed back section of the dress fabric, which is of silver gray moire. The side forms and under arm pieces are of velvet about three shades darker than the moire. The velvet pieces extend down over the skirt 18 or 20 inches at the back

EVENING DRESS.

and are slightly shorter at the sides and cut extremely full, making a ruffle. The vest is of the satin, the sides of the front are of the velvet, and these also extend down in basque fashion. The trimming of open passementerie or gimp is set at the edge of this basque skirt. The skirt proper is of moire and has no trimming whatever.

A silk facing to the dress skirt is a really economical piece of extravagance. Glace lining silk is not at all expensive, as silk goes, and it resists dust and water far better than satene, percaline or cambric, besides wearing longer. An additional merit is that it does not cling about the ankles when the wearer walks, and, last of all, it looks well.

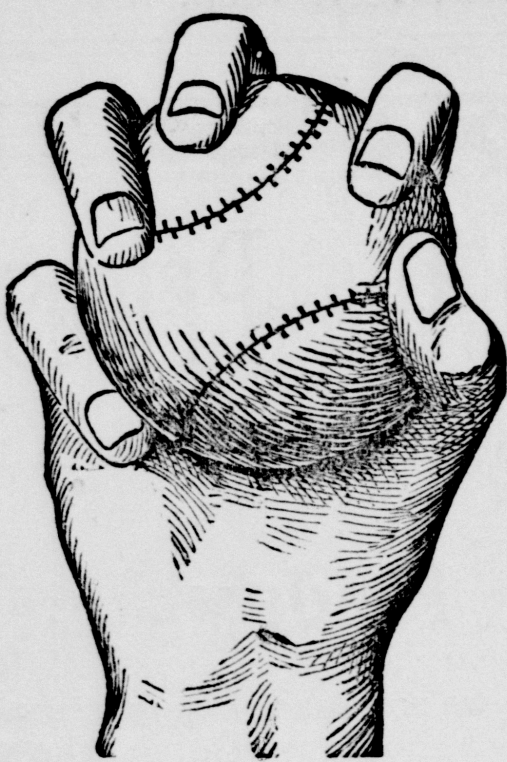

Sleeves are of such dimensions that every woman now requires a maid, if she tries to wear a coat. Capes are, of course, prominently to the front as a consequence. They are often little more than immense collars, elaborately trimmed with lace, ribbons, flowers and feathers. Flower and ribbon bows are also much seen. Violets are giving way a little, and bluetts or pink flowers are now quite as fashionable.

A sketch is given of a novel evening gown which has just appeared upon the Parisian stage. The skirt is of a soft golden yellow satin, the draped bodice of yellow mousseline de soie. The décolletage is framed by a band of gold galloon set with turquoises and topazes, which form straps over the shoulders. The sleeves, which consist of large draped loops falling off the shoulder, are of satin.

Economy in Sugar.

Chemists say that it takes more than twice as much sugar to sweeten preserves, sauces and the like, if put in when they begin to cook, as it does to add it after the process is accomplished. This is a fact that the average kitchen maid is not apt to know, or one that she is particularly apt to forget or ignore without a frequent reminder.

Nervous, Private and Chronic
Diseases of Men and
Women.

Dr. Sharp has for 20 years made a Special Study and Practice of these Maladies which have proved such stumbling blocks to the medical profession. More failures are recorded in these three lines of practice than in all the 1000 remain ing diseases to which the human race is subject.

The doctor's success is phenomenal in his chosen field.

He Absolutely Cures 98
per cent of the cases he ac-
cepts for treatment.

This high percentage is in part due to his rejection of all incurable ones. So there are no experiments and but few failures.

YOUNG MEN troubled with results of younger indiscretions can be safely and surely cured. I know it.

MIDDLE-AGED MEN can have a new lease of vitality.

OLD MEN can take a new hold on life and its joys.

WOMEN can find not only relief but positive cure for their many annoying and dangerous ailments.

Leucorrhea, Painful Menstruation Delayed or Obstructed Menstrual Periods, Headaches, Ovarian Inflammation, Etc.

Doubt About Insurance.

Insuring in a questionable company is like depositing in a shaky bank. Both concerns may pull through, but why take the risk? Read this list:

Royal Insurance Company	Net Surplus, \$2,195,842.
Buhalo German	Net Surplus, \$1,005,542.
New Hampshire Fire Insurance Company	Net Surplus, \$ 434,638.

DURANT IS THE FIEND.

Fastening the San Francisco Murders Upon the Man Under Arrest.

San Francisco, Cal., April 17.—Chief Crowley is confident Durant is the murderer of Blanch Lamont and Minnie Williams. George King, organist of the church, has made a statement which tends to fix one crime at least—the murder of Miss Lamont—upon Durant. King says that April 3 (the day Miss Lamont disappeared) he met Durant in the church. He was in a highly excited and overheated condition and said he had been overcome by gas in the loft. He was weak and pale. A theory is that Durant had just finished his fiendish task when seen by Organist King. One theory for the motive of the murder is that the crimes were committed for the purpose of medical investigation. The condition of the bodies after they were found would tend to carry out this idea.

Only a strong force of police prevented the mobbing of Durant yesterday when he was taken to the inquest on the body of Marian Williams, the woman in the crowd especially showing great bitterness. The hearing was set for Monday next. Detective Anthony has identified Durant as a man who, eighteen months ago, betrayed the daughter of an ex-policeman. He then forced the girl to live in a disreputable house. The police now believe Durant intended to burn the church and so destroy the evidence of his crimes.

Baseball Season Opens To-Morrow.

Chicago, April 17.—The National baseball season of 1895 opens to-morrow. The Chicagoans will start in with Chris Von der Ahe's Browns on the St. Louis diamond. The Brooklyn team will open the season with the New Yorks, the Philadelphia will be entertained at Baltimore, the Pittsburgs at Louisville and the Cleveland at Cincinnati. The Boston and Washingtons will play their first game at the Hub Friday.

American Horse Wins.

Newmarket, Eng., April 17.—The Newmarket Craven meeting of 1895 opened yesterday with brilliant weather but a small attendance. Mr. Croker's Eau de Gallie, formerly Utica, won the Crawford Plate. Ten horses ran. Eau de Gallie is a bay colt, 3 years old, by Troquois out of Duchess.

Charles H. Mansur Is Dead.

Washington, April 17.—Mr. Charles H. Mansur, assistant comptroller of the treasury department and formerly a member of congress from Missouri, died at 7 o'clock this morning at the National hotel. His death had been expected for about a week.

Germany's Squadron Increased.

Berlin, April 17.—Owing to political considerations the government has decided to reinforce the German squadron in eastern waters.
